## WHY IS WOMAN RESTLESS?

DESTINY OF NATIONS DEPENDS  
UPON CONTENTED HOMES.

By W. D. Lewis.

President Texas Farmers' Union.  
Why is woman dissatisfied? Why does she grow restless under the crown of womanhood? Why is she weary of the God-given jewel of motherhood? Is it not a sufficient political achievement for woman that future rulers nurse at her breast, laugh in her arms and kneel at her feet? Can ambition leap to more glorious heights than to the fulfills to the world's greatest genius, chant melodies to master minds and rock the cradle of human destiny?

God pity our country when the hand-  
shake of the politician is more grati-  
fying to woman's heart than the pat-  
ter of children's feet.

Woman is Ruler Over All.

Why does woman chafe under re-  
straint of sex? Why revile the hand  
of nature? Why discard the skirts  
that civilization has clung to since  
the beginning of time? Why lay aside  
this hallowed garment that has wiped  
the tears of sorrow from the face of  
childhood? In its sacred embrace  
every generation has hidden its face  
in shame; clinging to its motherly  
folds, tottering children have learned  
to play hide and seek and from it  
youth learned to reverence and re-  
spect womanhood. Can man think of  
his mother without this consecrated  
garment?

Why this inordinate thirst for pow-  
er? Is not woman all powerful? Man  
cannot enter this world without her  
consent, he cannot remain in peace  
without her blessing and unless she  
sheds tears of regret over his departs-  
ure, he has lived in vain. Why this  
longing for civic power when God has  
made her ruler over all? Why crave  
authority when man bows down and  
worships her? Man has given woman  
his heart, his name and his money.  
What more does she want?

Can man find it in his heart to look  
with pride upon the statement that his  
honorable mother-in-law was one of  
the most powerful political bosses in  
the country, that his distinguished  
grandmother was one of the ablest  
filibusters in the Senate or that his  
mother was a noted warrior and her  
name a terror to the enemy? Whether  
are we drifting and where will we  
land?

God Save Us From a Hen-Pecked  
Nation.

I follow the plow for a living and  
my views may have in them the smell  
of the soil; my hair is turning white  
under the frost of many winters and  
perhaps I am a little old-fashioned,  
but I believe there is more moral in-  
fluence in the dress of woman than in  
all the statute books of the land. As  
an agency for morality, I wouldn't  
give my good old mother's home-  
made gowns for all the suffragette's  
constitutions and by-laws in the world.  
As a power for purifying society, I  
wouldn't give one prayer of my saintly  
mother for all the women's votes in  
Christendom. As an agency for good  
government, I wouldn't give the plea  
of a mother's heart for righteousness  
for all the oaths of office in the land.  
There is more power in the smile of  
woman than in an act of congress.  
There are greater possibilities for  
good government in her family of  
laughing children than in the cabi-  
net of the president of the United  
States.

The destiny of this nation lies in  
the home and not in the legislative  
halls. The hearthstone and the fam-  
ily Bible will ever remain the source  
of our inspiration and the Acts of the  
Apostles will ever shine brighter than  
the acts of Congress.

This country is law-mad. Why add  
to a statute book, already groaning  
under its own weight, the hysterical  
cry of woman? If we never had a  
chance to vote again in a lifetime and  
did not pass another law in twenty-  
five years, we could survive the or-  
deal, but without home, civilization  
would wither and die.

God save these United States  
from becoming a hen-pecked nation;  
help us keep slaves out of Congress  
and forbid that women become step-  
fathers to government, is the prayer  
of the farmers of this country.

A DIVINE COVENANT.

God Almighty gave Eve to Adam  
with the pledge that she would be his  
helpmeet and with this order of com-  
panionship, civilization has towered  
to its greatest heights. In this rela-  
tionship, God has blessed woman and  
man has honored her and after four  
thousand years of progress, she now  
proposes to provoke God to deny  
man by asking for suffrage, thereby  
by amending an agreement to which  
she was not a party.

Woman, remember that the Israelite  
scorned a divine covenant, and as a  
result wandered forty years in the  
wilderness without God. Likewise,  
man should remember that it is a  
dangerous thing to defame woman by  
law. Rome tried lowering woman's  
standard and an outraged civilization  
tore the clothes off the back of the  
human race and turned them out to  
roam in the world naked and un-

## Chinese Locks.

The earliest locks known to man  
were of Chinese make. Although it  
is impossible to tell the exact date  
of these still extant, they are wonder-  
fully well made, and as strong as any  
manufactured in Europe up to the  
middle of the eighteenth century. The  
Chinese locksmith of today uses ex-  
actly the same kind of tools that his  
forefathers had, for they are very sim-  
ple and primitive. He carries all his  
impediments in two cabinets, sitting  
on one and working at the other.  
When he has finished all the work  
available in one neighborhood he fas-  
tens the two cabinets to a bamboo  
rod and slings it over his shoulder.  
He tramps through the towns hard-  
ened in this way, and stops when he  
is called, much as a scissors grinder  
or umbrella mender does in our coun-  
try.—Wide World Magazine.

To Drive Out Malaria  
And Build Up The System  
Take the Old Standard GROVE'S  
TASTELESS CHILL TONIC. You know  
what you are taking, as the formula is  
printed on every label, showing it is  
Quinine and Iron in a tasteless form.  
The Quinine drives out malaria, the  
Iron builds up the system. 50 cents.

The Fishing Banks.  
Newfoundland would be nothing  
without the great submarine plateau,  
known as the "banks," on which all  
the fishing is done. At a small sta-  
tion within the edges of the great bank  
that the cod loves so well the sea is  
quite smooth. It is usual for vessels  
fishing on the banks to inquire from  
those that have arrived from the open  
sea as to what sort of weather it is.

Invigorating to the Pale and Sickly  
The Old Standard general strength giving tonic,  
GROVE'S TASTELESS CHILL TONIC, drives out  
Malaria, enriches the blood, and builds up the sys-  
tem. A true Tonic. For adults and children. 50c.

## Daily Thought.

Politeness appears to have been in-  
vented to enable people who would  
naturally fall out, to live together in  
peace.
